BRONX NY 10465

Dear DOROTHY ARMSTRONG:

The September 11th Victim Compensation Fund ("VCF") previously sent you an Eligibility determination letter on January 12, 2016 for the claim you submitted on behalf of JOHN ARMSTRONG. Your claim number is VCF0071600.

The letter included the reason(s) your claim was deemed ineligible for compensation. You then amended your claim and provided additional information not previously submitted to the VCF.

The VCF has considered your amended claim and reviewed the new information you provided and has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- MALIGNANT NEOPLASM - PANCREATOBILIARY WITH METASTASIS

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, an injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If the decedent has been certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any

compensation based on the conditions listed above after all compensation-related documents are submitted.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100.

Dear JOANNE ALCABES:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of CHARLES GUNZELMAN. Your claim number is VCF0081277. Your Eligibility Form was determined to be substantially complete on January 28, 2019. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- MALIGNANCY OF UNKNOWN PRIMARY WITH METASTASES

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim.

Dear SHAUNA JONES:

Your Eligibility Form for the September 11th Victim Compensation Fund ("VCF") has been reviewed. Your claim number is VCF0040406. The Claims Evaluator determined that your Eligibility Form was substantially complete on June 30, 2016. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form you have waived your right to file or be a party to a September 11th-related lawsuit.

The Decision on your Claim

The VCF has determined that you meet the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, you have been found eligible for the following injuries:

- ASTHMA
- LUNG CANCER (WITH METASTASES)

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For conditions claimed through the VCF Private Physician process, the condition may have been found not eligible for compensation. Please see the enclosed "Conditions Not Eligible for Compensation" document for a more detailed explanation. Additionally, for non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Lastly, the decedent's injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If you have been certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. If you need to amend your claim to add a new condition, upload a letter to your claim with the request and submit the required documents. The VCF will review the new information and determine if it provides the basis for a revised decision.

September 11th
Victim Compensation Fund

If you do not have injuries other than those listed above, and:

- **You have already submitted your Compensation Form**, you do not need to take any action at this time unless you receive a request from the VCF for missing information.
- **You have not yet submitted your Compensation Form**, you must wait until the Special Master publishes the updated regulations to reflect the new statute reauthorizing the VCF, which was enacted on December 18, 2015, before taking any additional action on your claim. Under the legislation new claims cannot be filed until the final regulations have been published.

In either case, your claim will be reviewed and processed under “Group B” as required by the new law. Please see the www.vcf.gov website for important information about the reauthorization and the expected timeline of activities for Group B claims. Finally, it is important to keep in mind that funding is not available to pay Group B claims until all of the Group A payments have been made or October 2016, whichever is earlier.

Dear BERNADETTE KRISTOFFERSEN:

The September 11th Victim Compensation Fund ("VCF") previously sent you an Eligibility determination letter on July 1, 2014 for the claim you submitted on behalf of JOHN KRISTOFFERSEN. Your claim number is VCF0017332. The letter included a list of condition(s) deemed eligible for compensation. You then amended your claim to add one or more new conditions.

The VCF has considered your amended claim and reviewed the new information you provided. This letter sets forth the revised eligibility determination and supersedes and replaces the previous letter.

The Decision on your Claim

Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the injuries listed below. *This list includes all injuries for which the decedent has been found eligible.*

- CHRONIC RHINITIS
- ESOPHAGEAL REFLUX
- METASTATIC ADENOCARCINOMA OF THE GE JX
- UNSPECIFIED SINUSITIS

What Happens Next

The VCF will determine the amount of any compensation based on the eligible injuries listed above. We will begin calculating the loss amount once you submit your Compensation Form and the required supporting documents.

Dear STAN LAPOINTE:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of JOHN LAPOINTE. Your claim number is VCF0092624. Your Eligibility Form was determined to be substantially complete on March 30, 2018. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors. Injuries that were found eligible by the first iteration of the September 11th Victim Compensation Fund that operated from 2001 to 2004 ("VCF1")

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- ASTHMA, UNSPECIFIED, UNSPECIFIED STATUS
- CHRONIC AIRWAY OBSTRUCTION NEC
- ESOPHAGEAL REFLUX
- LIVER CELL CARCINOMA
- REFLUX ESOPHAGITIS
- SIMPLE CHRONIC BRONCHITIS

Although the decedent's VCF1 injuries are again eligible under the current VCF, it does not necessarily mean that you are entitled to receive additional compensation. Because you were previously compensated by VCF1 for some or all of these injuries, you must show that the condition has worsened, that you have been certified for treatment by the WTC Health Program for a new condition, or that you have a new loss associated with a previously eligible condition. For example, if the decedent had been determined to be disabled from these conditions since receiving the VCF1 award and that award did not include future lost earnings, you may be eligible for that loss now.

Note that the amount of compensation received in VCF1 will be considered when determining whether additional compensation should be awarded. As a general rule, the compensation received in VCF2 will be calculated based on the amount of compensation any similarly situated person who filed a claim only in VCF2 would receive; any compensation received in VCF1 will

September 11th
Victim Compensation Fund

then be applied as an adjustment to the award. For more information regarding the ability to participate in the VCF after submitting a claim in VCF1, please see the www.vcf.gov website.

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If the decedent does not have injuries other than those listed above you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

ANTHONY LEON
115 THORNBURY AVENUE
GLEN ROCK NJ 07452

Dear ANTHONY LEON:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of ANGEL LEON. Your claim number is VCF0102927. Your Eligibility Form was determined to be substantially complete on May 24, 2019. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- CHOLANGIOCARCINOMA WITH METASTASES

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will review the new information and determine if it provides the basis for a revised decision.

If you believe the decedent had eligible injuries not treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim.

September 11th

All forms are available on the VCF website under “Forms and Resources.” The website also includes detailed information and instructions on the Private Physician process.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time unless you receive a request from the VCF for missing information. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

NEW YORK NY 10007-2811

Dear MICHALINE MCQUILLAN:

Your Eligibility Form for the September 11th Victim Compensation Fund (VCF) has been reviewed. You submitted an Eligibility Form on behalf of PATRICK MCQUILLAN. Your claim number is VCF0072957. The Claims Evaluator determined that your Eligibility Form was substantially complete on May 29, 2015. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form, the right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors has been waived. For more information about this topic, please review Frequently Asked Questions ("FAQs") #7.1 - #7.4 on the www.vcf.gov website.

The Decision on your Claim

The VCF has determined that the decedent meets the eligibility criteria established in the statute and regulations and that you meet the requirements as the Personal Representative of the decedent. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- ASTHMA, UNSPECIFIED, UNSPECIFIED STATUS
- CHRONIC RHINITIS
- ESOPHAGEAL REFLUX
- OBSTRUCTIVE CHRONIC BRONCHITIS WITHOUT EXACERBAT
- Injuries that were found eligible by the first iteration of the September 11th Victim Compensation Fund that operated from 2001 to 2004 ("VCF1")

Although the decedent's VCF1 injuries are again eligible under the current VCF, it does not necessarily mean that you are entitled to receive additional compensation on behalf of the decedent. Because the decedent was previously compensated by VCF1 for some or all of these injuries, you will only receive additional compensation if the decedent suffered losses that were not included in the decedent's VCF1 award. For example, if the decedent was determined to be disabled from these conditions since receiving the VCF1 award and that award did not include future lost earnings, you may be eligible for that loss now. For more information regarding the ability to participate in the VCF after submitting a claim in VCF1, please see FAQ #2.12 on the VCF website.

September 11th
Victim Compensation Fund

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, the injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or loss calculation.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to amend your claim. The VCF will contact the WTC Health Program to confirm the condition is eligible.

If you believe the decedent had eligible injuries not compensated under VCF1 or treated by the WTC Health Program and you would like the VCF to consider those injuries before calculating the amount of any compensation, you should amend your claim. If you choose to amend your claim, you will need to use the VCF Private Physician process. The Private Physician process is a way for the VCF to gather the required information about the decedent's treatment in order to process your claim. All forms are available on the VCF website under "Forms and Resources." The website also includes detailed information and instructions on the Private Physician process.

If the decedent did not have injuries other than those listed above, you should submit your Compensation Form and required supporting materials. If you have already submitted your Compensation Form, you do not need to take any action at this time. The VCF will calculate the amount of any compensation based on the conditions listed above after all compensation-related documents are submitted.

Please remember all information and materials must be submitted to the VCF by October 3, 2016.

If you have questions about the information in this letter or the claims process in general, please call our toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-514-1100. Dear ELAINE MILLER:

The September 11th Victim Compensation Fund ("VCF") has reviewed your Eligibility Form. You submitted an Eligibility Form on behalf of TREVOR MILLER. Your claim number is VCF0109561. Your Eligibility Form was determined to be substantially complete on August 23, 2018. As stated in the Regulations and on the claim form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors.

The Decision on your Claim

The VCF has determined that the decedent has met the eligibility criteria established in the statute and regulations. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- CHRONIC SINUSITIS UNSPECIFIED
- COUGH VARIANT ASTHMA
- GASTRO-ESOPH REFLUX DISEASE WITHOUT ESOPHAGITIS
- MALIGNANT NEOPLASM OF PENIS UNSPECIFIED

Please note that there are several reasons why an injury that you think should be eligible is not listed above. For non-traumatic injuries, the name of the injury is based on the information provided by the WTC Health Program and there may be different names for the same injury. Additionally, your injury may not be listed if it was only recently certified for treatment by the WTC Health Program.

If in the future the WTC Health Program should notify you that a condition previously found eligible is no longer certified, you must inform the VCF as this may affect your eligibility status and/or the amount of your award.

What Happens Next

If the decedent was certified for treatment by the WTC Health Program for a condition not listed above, you should amend your claim. Please see the VCF website for details on how to

Dear John Morrissey:

Your Eligibility Form for the September 11th Victim Compensation Fund (VCF) has been reviewed. You submitted an Eligibility Form for Personal Injury Claimants. Your claim number is VCF0008872. The Claims Evaluator determined that your Eligibility Form was substantially complete on December 13, 2013. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form, you have waived your right to file or be a party to a September 11th-related lawsuit.¹ For more information about this topic, please review Frequently Asked Questions (FAQ) 7.1-7.4 on <http://www.vcf.gov/faq.html>.

The Decision on your Claim

The VCF has determined that you meet the eligibility criteria established in the statute (the Zadroga Act and the original statute) and regulations and therefore the VCF will review your Compensation Form and supporting materials to determine the amount of any award. Based on the information you submitted and information the VCF has received from the World Trade Center Health Program (WTCHP), you have been found eligible for the following injuries:

- Esophageal Reflux and related physical conditions certified by the WTCHP: Obstructive Sleep Apnea
- Malignant Neoplasm Of Colon Unspecified Site
- Other Emphysema and related physical conditions certified by the WTCHP: Other Chronic Pulmonary Heart Diseases
- Other Emphysema and related physical conditions certified by the WTCHP: Other Diseases Of Lung Not Elsewhere Classified
- Unspecified Sinusitis

Please note that there are several reasons why an injury that you think should be eligible is not listed above. First, for non-traumatic injuries, the description of the injury is based on the information provided by the WTCHP and there can be several alternative descriptions for the same injury. Additionally, a WTCHP physician may have provided testing or treatment for an injury even if the WTCHP has not certified that injury for treatment. Finally, your injury may not be listed if it

¹ The Statute (the Air Transportation Safety and System Stabilization Act as amended by the Zadroga Act) and the Regulations are located at <http://www.vcf.gov/lawRulesOtherDocs.html>.

was only recently certified for treatment by the WTCHP. The VCF regularly receives updated information from the WTCHP and will notify you if additional injuries have become eligible.

What Happens Next

The VCF will determine your compensation award based solely on the eligible injuries listed above. In order for the VCF to do so, you must submit the Compensation Form for Personal Injury Claimants and the required supporting documents. If you have not already done so, please submit the Compensation Form and the required supporting documents as soon as possible. You are encouraged to submit the Compensation Form through the VCF's web-based claim system at www.vcf.gov. If you wish to complete the Compensation Form in hardcopy, you may request the form by contacting the toll-free Helpline at 1-855-885-1555. For the hearing impaired, please call 1-855-885-1558 (TDD). If you are calling from outside the United States, please call 1-202-353-0356.

In addition to the Compensation Form, please also complete and submit the VCF ACH Payment Information Form. This form can be found on our website in Section 8 of the Frequently Asked Questions (FAQs). The completed form must be submitted before the VCF can arrange for any payment.

The VCF will be able to determine your compensation award based on the eligible conditions after all compensation related documents are submitted. When you receive an award letter, you will have the right to appeal. In that appeal, you have the right to assert additional injuries that you believe are eligible and for which you believe you should be compensated. For purposes of the statutory deadlines, the injuries listed in your claim form and the injuries certified as eligible will be deemed "filed". You will receive instructions on the appeal process when you receive the letter with details of your compensation award.

If you have questions about the information in this letter or the claims process in general, please contact our toll-free Helpline at the number noted above. Every effort will be made to respond to your inquiries as soon as possible.

Dear CATHERINE MURRAY:

Your Eligibility Form for the September 11th Victim Compensation Fund ("VCF") has been reviewed. You submitted an Eligibility Form on behalf of JOHN MURRAY. Your claim number is VCF0001058. The Claims Evaluator determined that your Eligibility Form was substantially complete on April 22, 2015. As stated in the Regulations and on the Eligibility Form, by filing a substantially complete Eligibility Form, the right to file or be a party to a September 11th-related lawsuit on behalf of the decedent and his or her survivors has been waived. For more information about this topic, please review Frequently Asked Questions ("FAQs") #7.1 - #7.4 on the www.vcf.gov website.

The Decision on your Claim

The VCF has determined that the decedent meets the eligibility criteria established in the statute and regulations and that you meet the requirements as the Personal Representative of the decedent. Based on the information you submitted and information the VCF has received from the World Trade Center ("WTC") Health Program, the decedent has been found eligible for the following injuries:

- ASTHMA
